## Work Experience

### Product and Customer Success Head

*Heroic Game Day*

*April 2024 - Present*

- Designed and deployed a comprehensive **hybrid chat-and-ticketing system**, ensuring seamless communication between customers, teachers, and the customer support team. This initiative significantly enhanced post-sales support, leading to improved customer satisfaction and faster issue resolution.
- Spearheaded the development of a **Customer Success Portal**, providing real-time tracking and centralized management of partnered schools, fostering enhanced transparency and operational efficiency.
- Built a **unified platform for performance tracking**, enabling post-sales representatives to monitor play and skill points across all partner schools. This **improved the management capacity from 4 to 10 schools per representative**, reducing the necessity for frequent travel and enhancing overall efficiency while cutting operational costs.
- Engineered a system for **automatic detection of underperforming product components**, ensuring timely alerts were sent to the tech team for swift resolution. This proactive approach **resulted in a 20% reduction in turnaround time (TAT)**.

- Led a **user journey mapping project**, identifying commonly used features and underutilized areas to streamline user engagement. This strategic allocation of resources **led to a 42% reduction in operational expenses**.
- Conceptualized and introduced an **automated gifting system**, empowering teachers to reward students based on predefined performance criteria. This innovation **boosted active playtime engagement by 17%**.
- Overhauled the **user onboarding and sign-in experience**, making the process significantly more intuitive and accessible, contributing to a **35% increase in the user sign-in**.

### **Co-Founder and CEO**

*Vgyani Edutainment Services Pvt. Ltd.*

*April 2024 – December 2024*

- Spearheaded the **gamification of question practice**, conceptualizing and developing an innovative edtech product that enhances student engagement through interactive learning.
- Led the **end-to-end product strategy**, from ideation to execution, ensuring alignment with market needs and user behavior.
- Designed and implemented a **Go-to-Market (GTM) strategy**, successfully onboarding **6,000 users in just 3 months**, leveraging targeted sales, partnerships, and digital outreach.
- Defined and developed **core product features**, ensuring a seamless, intuitive, and engaging user experience that maximizes learning outcomes.
- Built and executed the **sales strategy**, personally driving business development efforts to onboard institutions and individual users at scale.
- Established operational frameworks, growth plans, and product roadmaps to drive **scalability and long-term user retention**.
- Led a cross-functional team to continuously iterate and improve the product, incorporating feedback loops and data-driven enhancements to optimize performance.
- Actively engaged with stakeholders, investors, and educational institutions to drive brand positioning, partnerships, and market expansion.
