

RAJNI KANT RAI

Product Manager | Project Manager | PMO | EdTech | Agile Delivery

 rajnibabu87@gmail.com |  +91 8073420973  [LinkedIn](#)

PROFESSIONAL SUMMARY

Product & Project Manager with 5+ years of experience delivering digital products and large-scale learning platforms across EdTech ecosystems. Proven track record of managing end-to-end product lifecycles, driving cross-functional delivery, and aligning product strategy with business KPIs and user needs. Strong expertise in Agile delivery, PMO governance, roadmap planning, stakeholder management, and JIRA-based execution tracking. Experienced in product launches, curriculum digitization, client onboarding, and program delivery. Scrum-certified with Generative AI leadership credentials. Seeking Product, PMO, or Program Management roles to drive scalable, user-centric solutions.

PROFESSIONAL EXPERIENCE

Product & Project Manager

Reliance Jio Embibe — Bangalore

Apr 2020 – Apr 2025

- Owned product roadmap for PrePG, PreUG, and K-12 competitive exam platforms
- Managed end-to-end product lifecycle from ideation to launch across multiple digital learning products
- Collaborated with engineering, design, content, and marketing teams to deliver releases on schedule
- Prioritized product features using user feedback, usage insights, and market research
- Conducted user testing and competitor analysis to improve UX and feature adoption
- Managed Agile sprint planning, backlog grooming, and delivery tracking using JIRA
- Led cross-functional teams across product, academic, and technology functions
- Delivered client onboarding and educator training programs to improve platform adoption
- Supported product positioning and launch planning with marketing and sales stakeholders
- Prepared product requirement documents, progress reports, and stakeholder presentations

- Ensured alignment of product initiatives with academic goals and business KPIs

Project Delivery & PMO Responsibilities

- Led EMCLASS Pre-PG project lifecycle from concept to deployment
- Defined milestones, delivery schedules, and project governance structure
- Managed project timelines, risks, and resource allocation across parallel initiatives
- Coordinated multi-team delivery across tech, academic, design, and content functions
- Conducted post-project reviews and improvement reporting
- Maintained delivery dashboards and status reports for leadership visibility
- Ensured documentation, compliance, and process adherence across projects

Academic Product & Content Leadership

- Directed curriculum-aligned digital content development and validation programs
- Managed SME teams (5+) for content quality, audits, and exam alignment
- Designed mock tests, quizzes, and structured learning assets for competitive exams
- Built current affairs and GK content frameworks for government exam preparation
- Integrated academic content with product platforms in collaboration with developers
- Delivered training for internal teams and vendor partners

Academic Consultant & Teacher

Bengaluru

(3.2 Years)
