Profile Summary

Learning and development professional with **12+ years**. I have led learning initiatives that support leadership effectiveness, performance improvement, and organisational priorities. My experience includes translating business needs into practical learning interventions, strengthening systems and processes. I bring a hands-on approach to learning design and enjoy working closely with stakeholders in dynamic environments.

Core Competencies

- Learning Program Design & Delivery
- Learning Management System & Administration
- Performance Management
- Project Management
- Program Scaling & Impact Reporting
- Stakeholder Collaboration

Experience

Head of Training, Pinch | October 2023 - March 2025

- Led learning and leadership initiatives across **five business functions**, ensuring programs supported specific performance and capability needs.
- Implemented LMS-based automation to enhance instructional efficiency, reducing delivery timelines by **30%** and increasing learner completion rates by **25%**.
- Developed role-based recruitment and progression frameworks that improved employee retention by **20%**.
- Built a metrics-led learning evaluation model that strengthened engagement and improved program effectiveness.

Academic Head, Virmani Institute | April 2022 - September 2023

- Provided academic leadership to a team of **28 staff**, strengthening learning quality & performance standards through governance and review mechanisms.
- Designed and implemented curriculum, assessment, and quality assurance systems, resulting in measurable improvement in learner outcomes (**0.7 RC growth**).
- Managed budgets and partnerships with **11** organizations to enhance learning resources.

Head Coach, Lido Learning | April 2020 - August 2021

- Led and developed a cohort of **15 coaches** supporting **300+ tutors** and **2,000 learners**, across a digital learning model.
- Designed performance feedback, evaluation, and coaching frameworks that improved learner engagement and retention by **15%**.
- Partnered with product, content, and operations teams to translate learner insights into delivery improvements and gains in learning experience.

Program Manager, Learning Links Foundation | December 2019 - April 2020

- Designed and managed a **CSR-led** education programme in partnership with the government across Mumbai and Silvassa.
- Established delivery, monitoring, and reporting frameworks to ensure quality, compliance, and measurable program outcomes.

Project Lead, Mantra | September 2018 - November 2019

- Drove leadership development and instructional capability-building initiatives across **36 institutions**.
- Conducted teaching-learning observations, learning audits, and workshops for **300+ teachers** and **400+ parents**.
- Strengthened learning governance through SOPs, planning frameworks & monitoring structures.

Teaching Fellow, Teach For India | May 2016 - May 2018

- Delivered full-time instruction to 240 Grade 10 students at an under-resourced school, achieving a **95% pass rate**.
- Designed lesson plans, assessments, and academic support aligned with learning outcomes.
- Collaborated with external partners to support learner progression, career awareness, and post-secondary pathways.

Software Developer, Mastek | July 2012 - August 2015

- Delivered enterprise technology solutions for global (U.S) clients, strengthening data integrity and operational efficiency.
- Led data conversion modules, managed technical projects, and created automation tools to streamline workflows for ETL systems.
