SUMMARY

I'm a tech-driven instructional designer with a background in software development, EdTech teaching, and corporate learning.

I specialise in using Generative AI to optimise instructional workflows, reduce turnaround time, and scale learning solutions. I'm now focused on long-term opportunities where I can deepen impact, lead innovation, and help shape smarter learning ecosystems.

WORK EXPERIENCE

LEAD LEARNING DESIGNER

Learningmate Solutions Pvt Ltd(01/2026 - Present)

- Leading as a Course Lead by setting up structured processes for instructional design projects and guiding a team of learning designers.
- Monitoring and reviewing the work of fellow designers to ensure quality and consistency across deliverables.
- Conducting training sessions on instructional design processes to upskill team members and maintain standardisation.

LEARNING DESIGNER

Learningmate Solutions Pvt Ltd(06/2024 - 12/2025)

- Contributing to the integration of AI-powered solutions into learning design workflows by developing AI agents that supported and enhanced learning design tasks.
- Supporting process transformation through the implementation of AI-driven tools, improving efficiency and contributing to successful project outcomes and additional client opportunities.
- Conducting needs assessments and analysing learner profiles to tailor instructional strategies that address diverse educational requirements.
- Implementing innovative instructional strategies and pedagogical approaches to facilitate effective learning and knowledge retention.

- Collaborating closely with subject matter experts, educators, and stakeholders to ensure the accuracy and relevance of instructional content.

SENIOR CONTENT ASSOCIATE

upGrad KnowledgeHut(08/2023 - 05/2024)

- Spearheaded the development of the Employability Tests projects from inception, integrating instructional design methodologies.
- Created and oversaw the entire lifecycle of a Full-Stack Web Development Bootcamp tailored for working professionals, employing instructional design principles.
- Collaborated with international subject matter experts (SMEs) and university professors to craft cutting-edge content.
- Crafted diverse assessment methods to evaluate learning outcomes effectively.
- Generated digital content for Bootcamp courses, encompassing instructional materials, assessments, and capstone projects.
- Evaluated MERN Stack learning content, comprising videos, assessments, and capstone projects, with an instructional design lens.
- Led Live Virtual Bootcamp Classes, leveraging instructional design strategies to enhance engagement and learning effectiveness.

SENIOR CONTENT ASSOCIATE

upGrad (03/2022 - 03/2023)

- Orchestrated the development of comprehensive professional courses tailored for working professionals, integrating instructional design elements throughout the process.
- Teamed up with global subject matter experts (SMEs) and esteemed university professors to construct cutting-edge content, employing instructional design principles.
- Conceptualised and produced pedagogically sound video content for data science and management programs, ensuring alignment with instructional design best practices.
- Formulated post-production scripts (storyboards) to guide the creation of interactive video content, focusing on enhancing instructional effectiveness.
- Crafted various types of assessments meticulously to assess learning outcomes, employing instructional design strategies to ensure efficacy and alignment with course objectives.

ASSOCIATE - TRAINING AND AUDITING

CUEMATH (07/2021 - 03/2022)

- Developed a robust training curriculum for new educators as part of their onboarding process, focusing on preparing them to teach mathematics to K-12 students.

- Produced instructional materials to facilitate training sessions for educators, ensuring clarity and effectiveness in conveying key concepts.
- Delivered training sessions to educators, equipping them with the skills and knowledge needed to deliver high-quality online mathematics classes to K-12 students.
- Conducted audits of educators' classes and offered constructive feedback to enhance the quality of the learning experience for students.

CURRICULUM DESIGNER

TOPPR (07/2020 - 07/2021)

- Led a dynamic team of content developers to produce cutting-edge educational content.
- Executed project plans, conducted thorough reviews of final deliverables, and monitored progress against timelines, resulting in the early completion of learning projects.
- Collaborated closely with senior management to analyse customer demand, evaluate resource implications, and forecast future requirements.
- Developed a comprehensive computer programming curriculum for K-8 students utilising the Learning-centred curriculum design approach.
- Crafted instructional materials employing both collaborative techniques and real-world, hands-on methodologies for integration into online live classes.

GLOBAL ONLINE INSTRUCTOR & TEACHER MENTOR

WHITEHAT JUNIOR (08/2019 - 07/2020)

- Facilitated induction calls for mentees to initiate their mentoring journey.
- Conducted simulated trials to enhance mentees' practical skills and knowledge.
- Oversaw and evaluated mock trials conducted by mentees to provide constructive feedback.
- Assisted mentees in preparing for classes by providing guidance and resources.
- Conducted regular performance assessments of mentees to track progress and provide support as needed.
- Addressed mentees' queries and doubts promptly to ensure a smooth learning experience.
- Delivered online computer programming classes to students aged 8-12 years.
- Successfully conducted over 800 individual classes with a 100% efficiency rate.
- Focused on fostering logical and algorithmic thinking in children through diverse coding concepts.
- Evaluated student project works to assess comprehension and skill development.
- Instructed students on utilising various online platforms, including Code.org, Thunkable, Google Dialogflow, and Google Firebase.

STUDENT-COMPUTER APPLICATION, TRAINEE (through the “Wipro Academy of Software Excellence”)

WIPRO LTD (09/2016 - 06/2018)

- Collaborated within a team to execute a client project.
- Designed and deployed dynamic Content Editor Web Pages on the SharePoint 2016 platform, utilising languages such as C# .NET Framework, JavaScript, and jQuery.
- Conducted thorough analysis of client needs, requirements, and expectations to develop tailored solutions.
- Constructed website interfaces employing HTML, CSS, and Bootstrap frameworks.
- Ensured code integrity and resolved issues by validating code using Visual Studio IDE.
- Engaged in productive discussion meetings with clients to address queries and align project objectives.

TECHNICAL SKILLS

Languages

HTML, CSS, JavaScript, Python, SQL

Tools

Generative AI ★★★★★★
Google Workspace ★★★★★★
MS Word ★★★★★★
MS Excel ★★★★★★
MS PowerPoint ★★★★★★
Articulate Storyline ★★★★★★
Adobe Captivate ★★★★★★
Articulate Rise ★★★★★★
Canva ★★★★★★

Industrial Knowledge

Instructional design, Pedagogy, Adult learning, ADDIE, Bloom’s taxonomy, Content Strategy, Web-based learning, Blended learning, Cognitive learning, Technical writing

SOFT SKILLS ACQUIRED

Communication, Creativity, Decision Making, Time Management, Leadership, Adaptability, Teamwork, Stakeholder Management, Teaching

EDUCATION

- Post-Graduation Diploma in Business Administration (PGDBA) from Symbiosis Centre for Distance Learning with Specialisation in HUMAN RESOURCE with **67.82%**.
- BCA from West Bengal University of Technology in 2016 with **8.15 DGPA**.
- All India Senior Secondary Certificate Examination in Science stream from CBSE Educational Board in 2012 with **73.6%**.
- All India Secondary School Examination from the CBSE Educational Board in 2010 with **8.2 CGPA**.

ACCOMPLISHMENTS

- Course Completion Certificate - **Generative AI as a Learning Design Partner**
Organisation: Coursera
Grade: 100%
Certificate URL: Click [HERE](#)
- Course Completion Certificate - **Instructional Design Foundations and Applications**
Organisation: Coursera
Grade: 88.37%
Certificate URL: Click [HERE](#)
- Course Completion Certificate - **Python for Data Science, AI and Development**
Organisation: Coursera
Certificate URL: Click [HERE](#)
- Course Completion Certificate - **Database and SQL for Data Science and Python**
Organisation: Coursera
Certificate URL: Click [HERE](#)
- Course Completion Certificate - **User Experience: The Beginner's Guide**
Organisation: The Interaction Design Foundation
Date: 10.02.2019
Licence: 44347
Certificate URL: Click [HERE](#)
Distinction: Top 10% in the Class
- Course Completion Certificate - **Bootstrap 4 From Scratch With 5 Projects**
Organisation: Udemy.com

Certificate URL: Click [HERE](#)

AWARDS & RECOGNITION

- Certificate of Appreciation – LearningMate (2025)

Recognised for pioneering AI-driven transformations in learning design workflows, resulting in increased operational efficiency and new client project acquisitions.

PERSONAL DETAILS

Date of Birth: 27th September 1993

Languages Known: English, Hindi and Bengali.

Address: Bengaluru, 560035
