Dedicated professional with **1.8 years of experience** as a **STEM Trainer**, delivering science and technology education to rural government school students in Tamil Nadu. **Experienced in program development** with NGOs and social organizations. Possess **basic knowledge of C, C++, Python and UI/UX website design**. Seeking a relevant position where I can utilize my skills in planning, training, and community engagement to contribute to organizational goals while making a positive social impact.

PROFESSIONAL WORK EXPERIENCE

Role: STEM Facilitator – 8 Months

(August 2025 – March 2026)

Organization: Smile Foundation, Anaimalai, Coimbatore.

- Delivered **STEM education** to rural government school students through structured classroom sessions, using **DIY kits** for **hands-on learning** in Science and Mathematics.
- Conducted STEM Library sessions and Science Club **activities**, fostering experiential learning and active student participation.
- Promoted scientific temperament, critical thinking, and curiosity among students towards STEM education.
- **Planned and executed** key programs including teacher **capacity-building** sessions, student workshops, and **model-making activities** for science fairs.
- Mentored students in **developing innovative projects** and preparing models for Annual Science Fair presentations.
- Collaborated with SMC members, **community stakeholders**, and multiple schools to implement STEM initiatives, while also **managing event coordination**, anchoring, and program budgets.

Role: Cluster Coordinator - 1 Year

(June 2024 – June 2025)

Organization: American Indian Foundation, Chennai.

- **Delivered Digital Education** (DEWOT) sessions using projectors and digital TVs to teach Science and Mathematics concepts in an **engaging and interactive** manner.
- Trained STEM Club students in **basic coding and robotics**, including tools such as **Pictoblox, Tinker cad**, and **Arduino** fundamentals.
- Guided students in developing real-life problem-solving models using robotics materials and mentored them to present projects in school, block, district, and **national-level competitions**, achieving recognition and awards.
- Supported and facilitated **teacher training programs** in STEM and robotics, and conducted internal training sessions for team members on effective **digital teaching methodologies**.

- Organized and conducted **aerodynamics** workshops, explaining fundamental principles, calculations, and hands-on **model-building activities**.
- Applied **UI/UX design** skills to support **organizational website/interface improvements** and actively contributed to school and community engagement initiatives.
- **Created engaging educational content**, including reels and **digital materials**, on Science, Mathematics, STEM, and Robotics concepts to support teachers in **delivering effective classroom** instruction.

Intern – Industrial Automation - 7 Months

(Oct 2023 – April 2024)

Organization: Indus Auto Technology, Chennai.

- Worked with SCADA systems and Ignition tools for automation.
- Assisted in monitoring and maintaining control systems.
- Supported industrial data tracking and reporting.

Intern – UI/UX & Data - 4 Months

(Jun 2023 – Sep 2023)

Organization: Pratian Technology, Bangalore.

- Designed UI/UX prototypes using Figma.
- Performed data analysis and reporting using Excel.
- Assisted in improving user interface designs.
