Key Skills

Curriculum Development, K-12 STEM Education, Robotics & AI Curriculum Design, Instructional Design, Experiential Learning, Assessment Design, Academic Program Management, Curriculum Quality Assurance, Classroom Implementation, Learning Outcome Mapping, Team Leadership, Project-based Learning, Educational Content Development

Tech Stack

Python, C++, Arduino, ESP32, Scratch, Blockly, SQL, Jupyter Notebook, Google Colab, Tableau, Power BI, Scikit-learn, TensorFlow, Keras, PyTorch, Moodle, Canvas LMS, LearnDash

Language

English (Professional)
Hindi (Expert)
Marathi (Native)

Edunet Foundation, Mumbai, MH

Trained, designed and developed outcome-driven curriculum integrating AI, sustainability, and digital skills tailored for engineering, polytechnic, and vocational learners. Created interactive content, assessments, and project-based learning modules aligned with industry standards and employability outcomes. Collaborated with cross-functional teams to ensure content relevance, inclusivity, and alignment with national skilling initiatives and emerging technologies.

Boston Institute of Analytics, Mumbai, MH

Designed and implemented course outlines for Data Science, AI, Digital Marketing, MBA, Investment Banking, Cybersecurity, and creative disciplines. Created ILT content: presentations, workbooks, case studies, and assessments for diverse audiences. Coordinated with faculty to refine materials based on learner feedback and industry updates. Led quality reviews to maintain instructional integrity and branding standards.

Agilo Research Pvt. Ltd., Ahmedabad, GJ

Led end-to-end curriculum design and implementation for K-12 STEM, Robotics, AI, and Coding programs across schools, CSR initiatives, and government education projects. Managed a trainer team, provided technical support, Conducted workshops, fostered innovation, and ensured smooth project management through stakeholder coordination and documentation.

Learning Links Foundation, Mumbai, MH

Designed and implemented curriculum for the Atal Tinkering Lab (ATL) program, focusing on hands-on STEM and advanced technology. Conducted workshops for students and teachers, fostering innovation through design thinking and prototyping. Organized volunteer training, documented project progress, and supported school partners to ensure impactful educational outcomes.

STEM Learning Pvt. Ltd, Thane, MH

Training and handholding of Teachers. Planning and conducting demonstrations. Project management and handling cooperate requirements and support; Impact assessment (analysis, program implementation, and documentation)

Education

Certification, Data Science & Artificial Intelligence

Learnbay Academy, Bangalore

2019-2021

Bachelor, Mechanical Engineering

Saraswati College of Engineering, Navi Mumbai

2015-2018

Diploma, Mechanical Engineering

Bharati Vidyapeeth Institute of Technology, , Navi Mumbai

2012-2015

Projects

Woolf University - Curriculum Development

for Masters Students Developed European 90 ECTS Masters Curriculum for Data Science & Artificial Intelligence and MBA Program in 6 different stream

Boston Institute of Analytics - Course, Training & Implementation

for various domain including Data Science & AI, Digital Marketing & Analytics, MBA, Cyber Security, Investment Banking & Financial Analytics, 2D/3D Animation, etc. and implemented

Coding AI Assistance (Sara) for Students (BIA)

that uses Llama 4 bit quantization model for self learning with 3D AI Human assistance

AI & Robotics Lab (STEMpedia) - Curriculum Development & Implementation

for partners TATA ClassEdge, Goyal Prakashan, E-DAC etc which resulted into 76% average implementation for all partners
