SKILLS

- IoT & Smart Automation
- Arduino & Raspberry Pi
- Embedded Systems
- Voice Controlled Systems
- Bluetooth Controlled Solutions
- Python / C / C++
- Teacher Training
- Technical Mentoring
- Public Speaking

LANGUAGES

- English
- Tamil
- Kannada
- Tulu
- Malayalam

ACHIEVEMENTS

- 1500+ Online Robotics Sessions
- Students from 20+ Countries
- 20+ Technical Webinars
- 70%+ Trial Conversion Ratio

MARINI RAJENDREN

ROBOTICS TRAINER & STEM EDUCATOR

EDUCATION

M.Tech — Power Electronics

Anna University

B.Tech — Electrical & Electronics Engineering

Sastra University

M.Sc — Yoga & Human Science

Bharathidasan University

WORK EXPERIENCE

Robotics Head — Guruface Inc. | 2021 – Present

Course creation, curriculum development, technical R&D, teacher training, webinar management, and international online STEM programs.

Robotics Trainer — Roboversity / Skyfi Labs | 2020 – 2021

Conducted 1000+ robotics and coding sessions with hands-on STEM learning.

Robotics Curriculum Developer — Wizdom Ed | 2020

Developed robotics curriculum and smart automation systems including robot waiter projects.

STEM Educator — The Robot Factory | 2019 – 2020

Created hands-on STEM lesson plans and robotics lab sessions.

Guest Lecturer — KPT Mangalore | 2019 – 2020

Delivered lectures on industrial drives, transformers, and protection systems.

Guest Lecturer — RVTI Ministry of Skill Development | 2015 – 2016

Conducted electronics and skill development sessions.

PROJECTS

- IoT Based Smart Home Automation
- Voice Controlled Home Automation
- Bluetooth Controlled Embedded Systems
- Robot Waiter Automation
- Smart Irrigation using IoT
- Pick & Place Robotic Systems

TOOLS & TECHNOLOGIES

Arduino • Raspberry Pi • Python • Embedded C • C++ • IoT • Automation
• Robotics • Tinkercad • App Inventor • AI Basics
