PROFESSIONAL SUMMARY

Instructional Designer and Teacher Educator with 18+ years of experience in curriculum design, e-learning development, and faculty training. Experience in curriculum design, storyboarding, LMS-based learning, and instructional content development, with working knowledge of ADDIE. Articulate Storyline 360 and Rise 360. Proven track record of enhancing learner engagement and delivering impactful, learner-centric training solutions across academic and blended learning environments. Following a successful career in teacher education, I have been actively upskilling in instructional design and digital learning technologies to transition into instructional design and Ed-tech roles.

SKILLS AND CORE COMPETENCIES

- **Instructional Design & Learning Solutions:** ADDIE, CAM, Bloom's Taxonomy; end-to-end design of learner-centric courses for e-learning, blended, and instructor-led training
- **E-Learning Development & Authoring Tools:** Articulate Storyline 360, Rise 360, H5P, Edpuzzle, Canva; development of interactive modules, storyboards, and multimedia content
- **Learning Management Systems (LMS):** Moodle, Google Classroom, Flipgrid; course deployment, learner tracking, assessment, and reporting
- **Needs Analysis & Content Strategy:** Training needs analysis (TNA), learning objectives mapping, content structuring, and alignment with learning and business goals
- **Assessment & Learning Analytics:** Formative and summative assessments, rubrics, quizzes, and data-driven evaluation
- **Pedagogy & Adult Learning:** Experiential learning, blended learning, adult learning principles; application across cognitive, affective, and psychomotor domains
- **Technology Integration:** Smart classrooms, gamification, and ICT tools to enhance learner engagement
- **Content Development & Storyboarding:** Creation of instructional materials and detailed storyboards for digital learning experiences
- **Collaboration & Stakeholder Management:** Cross-functional collaboration with SMEs and stakeholders
- **Tools & Platforms:** MS Office (Excel, Word, PowerPoint); Microsoft Teams, Google Drive, Padlet
- **Professional Strengths:** Instructional writing, communication, analytical thinking, problem-solving, adaptability, multitasking, attention to detail
