

Hello

I'm Mohd Sahil

227, SHAKILA MANJIL, NEAR CHOTI MASJID, KOTRI, GORDHANPURA
KOTA, RAJASTHAN, 324007
Ph. No. :- 8890952524
Email Id :- mohd.sahil2524@gmail.com

Skills

Technical Skills

- Electrical Circuits, Panel Drawing Interpretation
- Robotics & Embedded Systems
- Soldering & PCB designing
- Interfacing of advanced sensors (IR, Ultrasonic, DHT11, MPU6050, RFID, Bluetooth modules)
- C++, Arduino Programming, IoT Development
- IoT project building using **ESP8266 / ESP32 + Blynk**
- 3D Designing & Printing, 3D Printer Operation
- Troubleshooting hardware and software issues

Mentoring & Leadership

- Mentoring students on technical projects
- Conducting workshops and training sessions
- Providing project guidance and technical support
- Fostering innovation and teamwork

Professional Skills

- Team Management
- Mentoring Skills
- Strong Communication & Presentation
- Effective Mentoring & Knowledge Sharing
- Proposal writing and documentation
- Negotiation & deal-closing ability

Experience

October 2025 - present

Techkritya Eduventures LLP, Jaipur – BDE cum Robotics Trainer

- Collaborate internally to plan and deliver proposals/custom solutions (e.g. workshops, after-school programs, training packages).
- Maintain relationships with clients; follow-up, manage renewals or expansions of programs.
- Negotiate and close deals: coordinate contracts or service agreements for robotics training programs.
- Design and deliver robotics training sessions – including the theoretical and practical aspects of robotics, electronics, programming, and STEM fundamentals.
- Use hands-on learning methods: guide students through building, programming, and assembling robots / robotics kits.
- Evaluate student progress: give feedback, assess understanding, help troubleshoot issues in projects or experiments.

April 2025 - September 2025

Neeraj Shiksha Prashikshan Samiti, LBS Group, Kota – Domain Trainer

- **Delivered domain-specific vocational training aligned with NSQF/SSC standards..**
- Mentored and guided students in project work, assessments, and skill development.
- Supported students in job readiness, industry interaction, and placement facilitation.
- Ensured training quality and compliance as per DDU-GKY operational guidelines.

September 2022 - October 2024

Robokidz Eduventures Pvt. Ltd., Kota – Robotics Instructor/Stem Trainer

- Collaborate with the **Rajasthan Government's Department of Information Technology and Communication** under the **iStart Nest Incubation Center Tinkering Lab**.
- Conduct **robotics training sessions** for school and college students, promoting hands-on learning and innovation.
- Provide **project and product mentoring** to students, educational institutions.
- Support **startup members in product design**, helping them bring their ideas to life.
- Work towards **fostering innovation and technological advancement** across the state through skill development and technical guidance.

July 2020 - July 2021

Ekai Engineering & Automation, Location – Electronics Engineer

- Specialize in creating **2D and 3D designs** based on customer requirements.
- Work with various materials including **stone, PVC sheets, ACP sheets, and wood**.
- Use **CNC machines** to craft designs with high **precision and accuracy**.
- **Manufacture CNC machines** for various industrial and creative applications.

Education

September 2019 - June 2022

University Department, Rajasthan Technical University, kota, Rajasthan – Degree

- → Branch is Electronics Instrumentation and Control (Verified by NBA Accredited)
- → Training in Ekai Engineering And Automation, Kota.
- → CGPA 6.95/10.

July 2016 - June 2019

Govt. Polytechnic College, kota, Rajasthan – Diploma

- → Branch is Electronics.
- → Training in Tushaco International, kota.
- → Percentage is 58.45%.

July 2015 - March 2016

Bal vidyalaya Sr. Sec. School, kota, Rajasthan – Secondary

- Percentage is 72.00%

Awards

- Received an **appreciation letter** from Mahatma Gandhi Badi Maharani School, Rampura for successfully delivering a **10-day training session** on robotics and electronics.
- Awarded an **expert lecture certificate** by Government Polytechnic College (Electronics Branch) for delivering a **specialized lecture** on electronics, robotics, and fostering artificial intelligence.
- I have successfully completed a **Training of Trainers (ToT)** program conducted by the **Electronics Sector Skills Council of India (ESSCI)** under the Skill India initiative.
